

## Association Involvement Interest Form

As part of the REALTOR® Association of Southwestern Illinois' governance model, the Association is asking for member involvement in the form of task forces, committees, and focus groups.

Committees and task forces are the groups that help develop and organize our various initiatives, programs, and events.

A focus group is a small group of knowledgeable individuals that meets once to share their ideas, experiences, and inputs about a specific topic.

One of the really nice perks to these groups is a decrease in time that needs to be committed by members. For instance, once a working group develops a strategy/solution or a focus group gives feedback on a specific topic, then those participating members have fulfilled their commitment to the Association. In order for these new groups to be effective, the Association needs its members! We are not asking you to commit to anything at this time. However, we do need to identify those members who are interested in participating in these groups and what topics interest those members the most.

Please mark the topic(s) for which you would be interested in sharing your knowledge and input. Please mark all that may apply or add an additional idea below.
